

SMILES DON'T LIE DINNER

'Smiles Don't Lie' is an organisation Sophie Kyprianou has created to raise funds for The Kids Cancer Project – an organisation focusing on “science, solutions, survival”. After suffering three different cancers by the age of 18, she knows all too well what the scary world of childhood cancer entails. Now two years later, Sophie is in good health and would like to do her part to give back. Sophie is hosting a three course charity dinner at Boronia Kitchen. All tickets, raffles and silent auction proceeds will go directly to The Kids Cancer Project.
